

WELLINGTON WINTER SCHOOL

**MESSY METHODS AND THE SEMIOTICS OF WASTE**

Hello.

We are really looking forward to meeting you in our workshop. With a short break in middle, we'll be organizing our time with you around three hands-on exercises; for this, we would ask that you bring along two things, please:

1. An item of garbage (aka rubbish) from home. You may want to bring your item in a sealable, see-through bag, container or jar.
2. A printed abstract or summary of your current research, or an extract from something else you have written. Please prepare the print-out like the attached sample: landscape page; 1.5cm margins, double-spaced, and 28pt font.

The success of the workshop depends on your help with this – thank you.

Crispin, Charmaine, Laura and Alessandro

---

**Planned schedule:**

09:10 Introduction and framing

09:30 Exercise 1 – Object interviewing (45 mins)

10:15 Exercise 2 – Mapping (45 mins)

11:00 Break

11:10 Exercise 3 – Uncreative writing (45 mins)

11:50 Wrap-up
